## *Alabama Network Directory*

[www.novanetppo.com](http://www.novanetppo.com)

*July 6, 2008*

# Table of Contents

<b>How to Use the Network</b>	<b><i>Section 1</i></b>
<b>Hospitals</b>	<b><i>Section 2</i></b>
<b>Ancillary Providers (Labs, DME, etc)</b>	<b><i>Section 3</i></b>
<b>Physician Listing: By County, City and Specialty</b>	<b><i>Section 4</i></b>
<b>Physician Listing: In Alphabetical Order</b>	<b><i>Section 5</i></b>

## How To Use This Directory

**Hospitals:** This directory includes a list of hospitals by area location.

**Physicians:** You may access any of the physicians listed in the directory. They are listed alphabetically by city in which the practice is located. Under each city, you will find the medical specialties listed. Physicians practicing the specialty in that particular town will be listed alphabetically by last name. For example, to find a Pediatrician practicing in Lithia Springs, you would first go to the listings for Lithia Springs, then go to “Pediatrics” under that listing and there you will find an alphabetical listing of all *NovaNet* Pediatricians practicing in Lithia Springs.

### *Accessing A Health Care Provider*

1. Select a physician from the directory that meets your needs and telephone the Doctor’s office for an appointment. When speaking to the receptionist, be as specific as possible concerning your illness or care requirements. Also at that time, verify that the doctor is a member of the Network and give your employer’s name.
2. In an emergency situation, seek treatment from the hospital listed in the directory that is closest to you. Of course, in the event of life-threatening situations, call emergency 911 or go to the nearest hospital. If traveling outside the coverage area, go to the nearest hospital.
3. At the doctor’s office, or hospital, present your health insurance identification card (ID) to the staff so that your claim forms can be filed and processed.
4. If you are visiting the physician for the first time, be prepared to give them your complete personal and family medical history. You may need to arrange to have certain information transferred from a physician you have seen before.
5. If you are referred to another physician, be sure to verify that he or she is a member of the Network.

### *Types of Coverage and Payments*

1. For specific information regarding your health care coverage and reimbursement levels, please refer to your employee health benefit handbook or ask your employer's benefits manager. Some health plans may require pre-certification for treatment of certain conditions. *NovaNet*<sup>â</sup> does not determine benefit coverage eligibility. Please verify coverage for any services in question by contacting your claims administrator shown on the back of your ID card.
2. Your health care plan may require co-payments for some services. This payment should be made at the time services are provided. Please consult your benefit plan for additional information about services that require co-payments. The co-payment applies **only** to visits to physicians' offices. Your deductible amounts will be applied to non-office treatment, such as emergency rooms, outpatient clinics or certain urgent care centers.
3. You may receive a bill from your provider for services covered by your health plan. Most likely the payment is in process with the plan administrator, or the physician does not have complete information. If you do receive a bill, please contact your provider to ensure that they have your ID number. The provider should submit, or re-submit, the bill to the plan administrator.
4. **Please Note:** The physicians participating in the Network are subject to change at any time. It is important to check your physician's status prior to the time that services are rendered. Questions regarding the participation status of the providers should be directed to *NovaNet*<sup>â</sup> at (770) 729-1997.

# NovaNet Alabama Hospitals

## County

### Dothan

#### HealthSouth Rehabilitation Hospital
